

Gijón 2010
European Maritime Day
Stakeholder Conference, 18-21 May

**Meet us at the
European Maritime Day 2010!**

European Boating Industry, the Spanish boating industry ANEN, Sail for Europe and the Representation of the European Commission in Spain warmly welcome you in Gijón.

Who we are:

European Boating Industry and its Spanish member ANEN – Asociación Nacional de Empresas Náuticas represent the leisure marine industry, from boatbuilders and equipment manufacturers, through marinas to the wide range of boating services (trade, maintenance, schools, charters, ...).

Traité de Rome is a 51-feet (15.60m) long aluminium sloop. She is a sailing racing boat from 1970s which took part in the Whitbread Round the World Race 1977-1978 (today Volvo Ocean Race) with the very first European sport team under the flag “EUR 1”. To the general surprise, *Traité de Rome* with the Belgian skipper Philippe Hanin ended the race with a brilliant third place. In 2010, *Traité de Rome* is sailing for the Spanish and Belgian Presidencies of the European Union at the initiative of the European Commission’s representations.

The Representation of the European Commission in Spain is sailing *Traité de Rome* at the occasion of the Spanish Presidency of the EU. Europe Direct gives you general information about EU matters and practical information on dozens of subjects: for example, how to get your qualifications recognised.
